About Me

I am currently pursuing a **Bachelor of Computer Applications (BCA)**. I completed my schooling at **AUGIC GAIRSAIN** and finished my 12th with a **PCB (Physics, Chemistry, Biology)** background. and I'm currently learning **Web Development** and aim to build real-world projects that combine creativity and technical skill. I enjoy exploring new technologies, embracing challenges, and striving to create impactful and meaningful tech solutions.

Professional Summary

- Innovative and detail-oriented web developer with hands-on experience in building dynamic and responsive websites using **HTML**, **CSS**, and **JavaScript**.
- Strong foundation in programming with **C** and **C++**, focusing on clean code, algorithmic efficiency, and problem-solving.
- Skilled in working with **SQL** databases for efficient data storage, management, and retrieval.
- Proficient in using **Git** and **GitHub** for version control and collaborative development.
